

TYRE KILLER

Motor Drive Tyre Killer

NS-TKCBS10-V130

Overview

The offered device serves as a control system for motor-driven tyre killers. Its design ensures smooth and secure operations with advanced control features. Owing to its high precision, enhanced durability, and reliability, it is widely used in diverse security applications. It does not degrade in quality or become inferior in the long run.

Features

- ▶ Control System for Motor Drive Tyre Killer
- ▶ Ensures Safe and Controlled Operations
- ▶ Compatible with Various Tyre Killer Models
- ▶ Reliable Performance for Security Measures
- ▶ Stable operation under harsh environmental conditions
- ▶ Remote Control Functionality

Benefits

- ▶ Enhanced Safety through Advanced Control
- ▶ Compatibility with Different Tyre Killer Models
- ▶ Reliable Performance in Various Environments
- ▶ Remote Control for Convenient Operation
- ▶ Robust Build Ensures Longevity
- ▶ Emergency Operation Capability

Technical Specifications

1. Control system for motor drive tyre killer
